From Palmer Food Services

## Fresh, Reliable Produce

Palmer's provides you with hand selected produce year round. Whenever possible, we purchase from local farmers here in Upstate New York.

Our national affiliations permit us to purchase full truckloads of fresh product off the west coast. Herbs? No problem, they are flown in fresh daily

Looking for edible flowers or specialty items? Our team of procurement experts can help you source exactly what you're looking for.

## Updated Facilities

Proper storage techniques ensure that the produce shipped to your door is the fresh produce you want to provide to your customers.

Computer controlled refrigeration ensures the accurate and appropriate temperature and humidity levels needed to preserve different products.

## Up-to-Date Market Conditions

We receive regular reports regarding the status of crops and markets. We use this information to help stay on top of any pricing or supply trends/concerns. We pass this information off to you to help you make decisions on menu items or even weekly specials.
